To whom it may concern:

Attached is SAM PAC's filing for the most current reporting period. Enclosed in the filing is a memo outlining how the disbursement for \$9195.16 was allocated (in-kind) to different campaigns.

As you will notice, the total inkind donations listed on the memo do add up to more than the \$9,195.16. The reason for this is that we have written another check to equal the appropriate balances due, however it was written after the closing of the reporting period.

Please call Clark Briner with any questions or comments at 972/841-7173.

Sincerely,

Clark Briner
